We recently happened into Burger State in a south Waldo strip center at 8920 Wornall Road, KCMO. The space is clean and open with just a few distanced tables. This family owned restaurant features fresh, locally farmed beef. We were initially the only ones there but we still chose to get our meal to go. On our first visit I had their

pork tenderloin. Nicole had their Single State burger and we split a huge order of French Fries. Definitely more than enough for the two of us.

We've also had their Official State chili topped with cheddar cheese and onions. It has a nice tomato base and a smooth consistency. As seems to be the industry standard, the pork tenderloin overwhelmed the bun and is very good. The burger has the perfect proportions of a non-greasy beef patty, tomato, onions, lettuce and pickles and a bun that's the right size for the sandwich.

Buy Local! I'm a proponent of frequenting locally owned businesses, especially ones that provide online or phone orders and pick up. Supporting locally owned and operated businesses is a great way to support our local economy.
